- Have an external signature, and an internal signature without logo

Lighter files

- Avoid duplicate files, and make space
- Manage versions and keep only the latest
- Compress an item rather than just resizing it
- Regularly consult the size of your files to detect an anomaly and stay at a reasonable size
- Compress your files, presentations, photos

Sober and efficient consumption

- Turn off your PC's power every night
- Lock and put your PC to sleep when you leave your workstation
- Turn off your screen when your PC is off or on standby
- Turn off all unused apps
- Watch videos in low definition
- Close as many unnecessary browser windows as possible

Our company's strategic focuses are in line with our values of respect, innovation, commitment and excellence. These commitments and the associated objectives, reviewed annually by Management to ensure their relevance, are broken down for all of our subsidiaries in a process of continuous improvement and controlled at each of our sites.
